

## **RoHS-conformity**

AFAG components and systems are intended for installation in stationary large industrial tools or large systems. Other applications are not intended. The products are therefore excluded from the scope of the Directive by points c, d and e of Article 2(4) of **Directive 2011/65/EU** as amended and are not affected by the restrictions set out in Annex II.

Likewise, the products of AFAG Holding AG are not affected by the prohibitions according to Annex 2.18 of the Ordinance on Risk Reduction related to the Use of certain particularly dangerous Substances, Preparations and Articles (ChemRRV) as amended.
